Before closing this email, please send a simple "Reply" email acknowledging receipt of this FOIA request. If a "Reply" email is not received today, we will re-send this FOIA daily until such time that its receipt is acknowledged by the public body. Too many times in the past, we have waited beyond the 5day FOIA response window to contact the public body regarding our FOIA and the lack of a timely reply. On too many occasions, we have received notice by the public body of their claim that the FOIA request had "not been received" until such time as the arrival of our follow-up inquiry email. Our updated FOIA Policy, designed to ensure the timely receipt of requested records, requires that we receive an acknowledgement from the public body that our FOIA has, in fact, been received by the public body. As part of our updated FOIA Policy, we will re-send the FOIA until receipt is acknowledged and the date of receipt is verified. Thank you.
